

Seats

Our range of Seats covers all your landscape designing needs - contemporary, stylish, modern and fun. Materials include steel, stainless steel, timber, granite and recycled plastic. All our Seats are sourced from quality manufacturers from around the world.

Product Code: BS2031S

Our range of stainless steel Seats are available in Grade 304 stainless steel; or, for more aggressive environments such as industrial or coastal areas, Grade 316 stainless steel. Stainless steel has become a more popular choice with architects in recent years.

Product Code: BSC209112

Steel is a very popular material choice for Seats because it gives a strong, durable and vandal resistant solution. Our steel Seats are galvanised to BS EN ISO 1461 as standard and can be powder coated in vast range of BS or RAL colours

Product Code: BS083

Our cut stone and Granite Seats offer you that touch of excellence and design that architects require when creating a modern and stylish environment.

Product Code: BSS2377

Our timber range of Seats allows a simple integration of street furniture into a parkland or rural area. Timber is a material, which weathers naturally, and when treated appropriately, proves maintenance friendly and economical

Product Code: BSC2635

Recycled plastic is becoming more and more popular due to its versatility and the fact its Maintenance free, Hygienic, Easy to clean and Vandal Resistant.
