

# MEAPARK COURTYARD GULLY

LEIGHTWEIGHT AND VERSATILE

**POINT DRAINAGE FOR HOME AND GARDEN**  
MEAPARK COURTYARD GULLY MADE OF RECYCLED PLASTIC

**MEAPARK COURTYARD GULLY**  
LIGHTWEIGHT AND VERSATILE

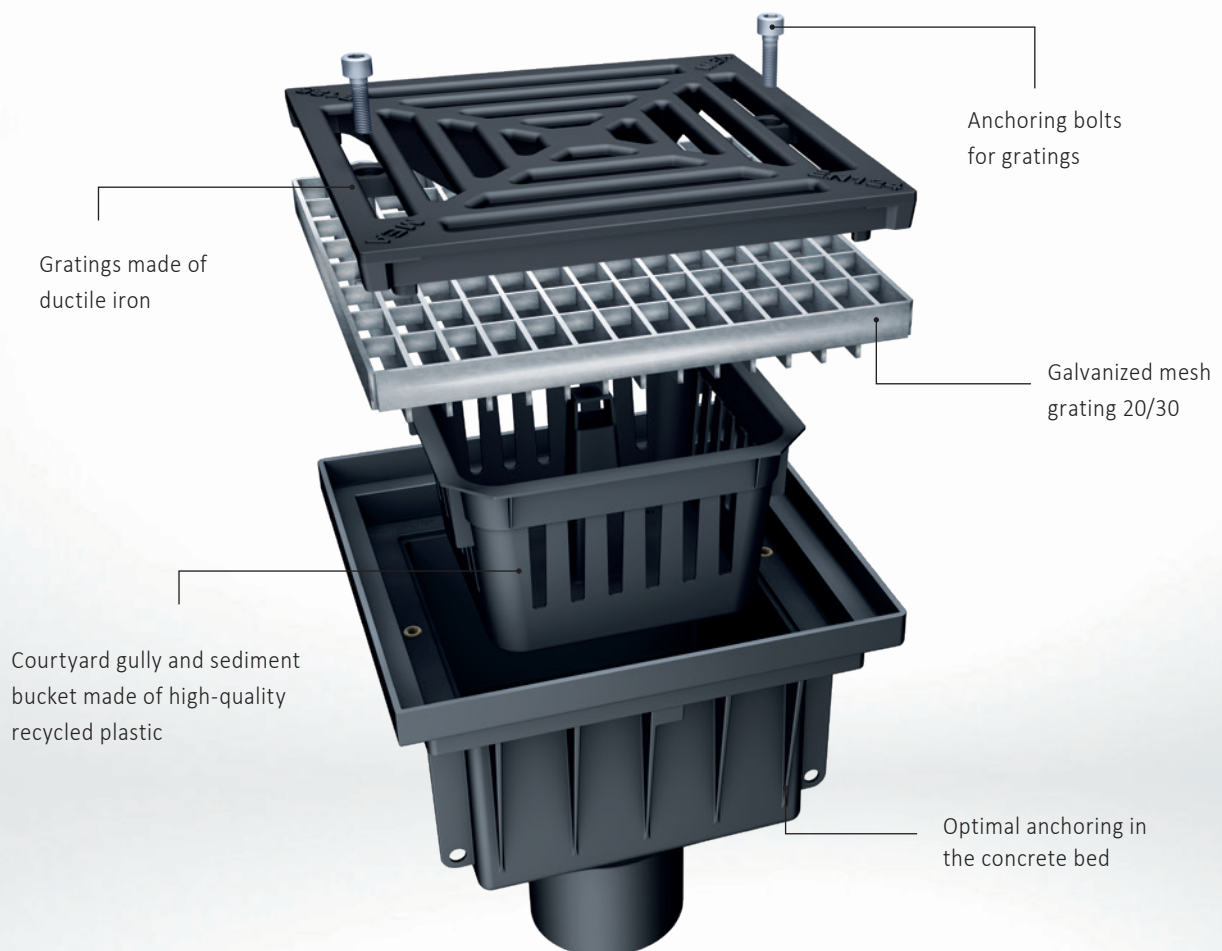

# MEAPARK COURTYARD GULLY COMPONENTS

The MEAPARK courtyard gully is made of high-quality recycled plastic (polypropylen-copolymer-regranulate) and is particularly ecological (recyclable, free of asbestos and heavy metals). Their light weight makes them easy to install.

MEAPARK courtyard gullies were specially developed for use around the house, in garage driveways, along walkways and in

landscaping. Decorative gratings made of ductile iron or galvanized steel and the integrated sediment bucket round off the portfolio.

With MEAPARK courtyard gully you get the perfect point drainage solution for all applications around the house at an excellent price/performance ratio.
