B

Our experience in door manufacturing means that we can help you to create the most suitable and striking door designs for your project. This includes an almost unlimited range of decorative facings and finishes to complement the style of your door.

WOOD VENEER

MATCHING SERVICE

The use of veneer offers unlimited creative possibilities. Even the most difficult and exotic woods can be made architecturally stable as a veneer. You can achieve a uniform, perfect finish and using veneers avoids the problems associated with solid wood such as knots, splitting and staining

We share our customers' concern for sustaining the Earth's resources. We only use wood and facings that are legally logged and from responsibly managed forests and all of our materials are certified by the FSC® (Forest Stewardship Council®). Our laminates, veneers and paper veneer are all FSC certified.

IN ADDITION TO WOOD VENEERS, WE OFFER A FULL RANGE OF DECORATIVE FACING OPTIONS FOR OUR DOORS. THESE INCLUDE:

LAQUER PAINTED

A hard wearing pigmented lacquer finish is applied using modern spray equipment.

COLOUR MATCHING SERVICE

For projects where doors in a specific colour, perhaps to match other elements of an interior design scheme are required, we offer a colour matching service. Provide us with a RAL or similar colour reference, and we will match the colour for you.

LAMINATES & PRIMED ECO-VENEER

High pressure laminate is manufactured through fusing multiple layers of impregnated paper under high pressure and temperature to create a hard wearing, durable and hygienic surfacing material. The laminates are then bonded to the core of the door. Laminates are used due to their ease of maintenance and wide range of colours and finishes.

PRIMED
ECO-VENEER

The specially formulated eco-friendly paper veneer is applied to door blanks in the same way as a veneered layon. The pre-primed paper has been designed as a time saving initiative for paint grade doors and is ideal for under-skinning and concealing any lipping ensuring a smoother finish.

Benefits

- Economic
- Surface damage can easily be fixed on site
- FSC® certified
- Can be painted on-site to match the projects design scheme.

The mark of
responsible forestry

Ahmarra are one of the UK's leading architectural doorset manufacturers, covering all sectors including luxury homes, hotel, heritage, airport, commercial, health, and education.

Our experience in door manufacturing means that we can help you to create the most suitable door designs for your project. This includes an almost unlimited range of decorative facings and finishes to complement the style of your door.
