HELO DECO Sauna Interior Products

Saunatec is renowned worldwide for the high quality and innovation of its sauna and steam products. Now, joining the current product range, Deco Sauna Interior

Solutions represent the cutting edge in sauna design and technology.

Working with famous Finnish designers and architects, Saunatec has created a new concept - retaining the best traditions of Finnish sauna bathing combined with a fresh,

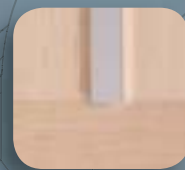

streamlined appearance, representing the very best of today's Scandinavian design.

Exotic woods, sturdy construction and precision finishing - all features that set Deco apart and guarantee a sauna, which is exciting and different. Deco's unique interior solution with smooth "decking", allows the neat, safe integration of latest designer heaters, Saunatonnttu, Pikkutonttu and Cava.

HELO DECO Flex Interior

Deco's appeal centres around the unique low level deck benching covering the entire floor area. In conjunction with beautifully finished sauna stools, the interior layout is infinitely variable according to mood - position the stools for social ambience or remove them and stretch out in comfort on the smooth, continuous benching. The modules are bespoke-built to integrate heater, special lighting and comfortable backrests.

Fibre optic lighting may be discretely blended into the backrests or heater surround.

Careful choice of materials and close attention to detail emphasise the luxurious look of the Helo Deco products.

Heló Deco Flex materials

Heló Deco Flex products are offered in a selection of specialist wood finishes: Aspen, heat-treated Aspen, Alder, Red Cedar, Spanish Cedar and Mahogany.

These contrasting woods may be blended to create stunning sauna designs!

HELO DECO Standard Interior Solution

HELO
DECO

Helo Deco top quality bench system may also be taken in handy prefabricated units. Made in smooth Alder to three standard

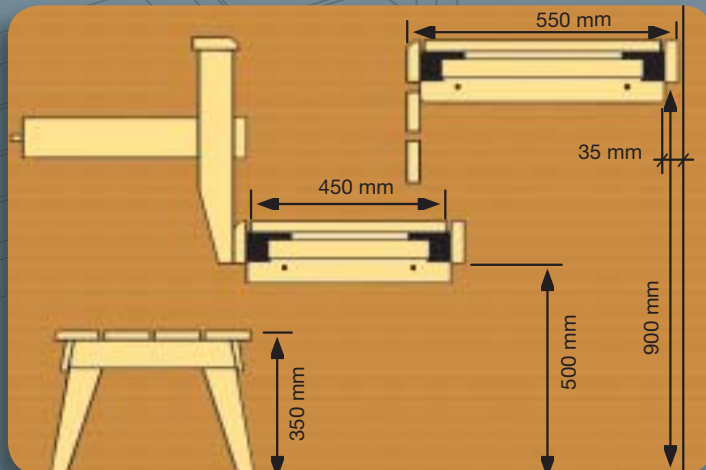

lengths - 1600 mm, 1800 mm and 2100 mm - they may be easily trimmed to exact size as required.

The finished benches are easy to install.

Lift-out bench sections simplify sauna cleaning.
