

# BOLLARDS & BARRIERS

## **We are far from just a street furniture supplier**

As designers, manufacturers and installers of street furniture, canopies and shelters, we pride ourselves on being the go-to experts that can offer you more.

We are determined to ensure that your outdoor space is vibrant, practical, aesthetically pleasing and functional, whilst offering you cost-effective solutions to your outdoor space planning.

As a company, we like to change the way people interact with the outdoor space, and how they view the landscape too.

We are determined to help organisations create outdoor environments that people enjoy walking through, interacting with or simply using it as a stopping and gathering point.

Our resources, flexibility and expertise often enables us to deliver more performance than your budget specifies and we will always go that extra mile for our clients when it comes to providing excellent customer service.

We are proud to have had over three decades of experience and expertise in our sector, allowing us to assist your organisation in choosing the right products for your individual scheme.

## **We are Bailey Streetscene**

## Large Recess Stainless Steel Bollard

This stylish root fixed bollard comes with a brushed satin finish, a 75mm recess, semi dome top. With a main body grade 304 stainless steel, or in grade 316 for more aggressive environments such as industrial or coastal areas, this is a popular member of the Bailey Streetscene catalogue of products.

It also comes with other options, such as being surface mounted, having a bright polish finish, with reflective tape added, or availability in other sizes -including bespoke ones.

## Anti Ram Raid Post

This Anti Ram Raid Post has a hot dipped galvanised finish, widely used in protecting warehouses, shops, stores and property. The post locates into a socket embedded in concrete. The Post has been approved by Police and Local Government Authorities and recommended by insurance companies.

To raise and lower the unit, a key is used, and it is secured by a padlock (supplied at extra cost) placed inside the flanges to make it difficult for access. The Anti Ram Raid Post can be removed and replaced if needed in case of any damage or needs servicing.

## Illuminated Surface Mounted Bollard

Our Illuminated Surface Mounted Bollard is designed for illuminating paths, walkways and any outdoor space. This bollard features a hot dipped galvanised steel finish with an Epoxi primer and black oxiron polyester top coat. Also available in bright polished grade 304 stainless steel. Opal or clear polycarbonate injection moulded diffusers offer different aesthetic and photometric options.

Where illumination is required, the Illuminated Surface Mounted Bollard from Bailey Streetscene really does light the way.

H: 1100mm x Dia: 150mm

## Multiplicity Illuminated Bollard

The Multiplicity LED Illuminated Bollard shares the graceful visual vocabulary of the collection in which robust verticals end in winged forms. But as well as being a stylish, modern bollard, it's really fit-for-purpose too.

Powered lights can be specified with type 4 or type 5 light distributions to provide desired light patterns and illuminance of which are achieved by variations in the number and placement of LED arrays within the luminaire.

## FGP Illuminated Bollard

If you want your bollards to add a touch of class to your outdoor space.....

The FGP Illuminated Bollard has an organic form created by three stems that rise from the connection of the base. The soft, triangular head holds LEDs in triangular arrays that cast illumination between the verticals in a clean footprint.

LED light sources are energy efficient and castings are powder coated, making this a stylish, contemporary and popular product which is ideal for any number of outdoor environments.

## Heavy Duty Steel Hoop Barriers

These heavy duty barriers come in both fixed and removable versions, giving you additional flexibility of choice for your outdoor space. Perfect for public spaces such as car parks and schools, they feature an integral security lock.

Galvanised as standard, and with the possibility of an optional powder coat finish, these are an excellent, hard-wearing option for any external environment.

Static Version: 76mm diameter. 1750mm long. 1050mm o/a height. Galvanised.

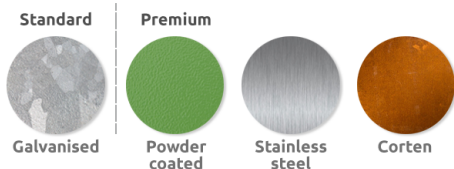

Removable: 76mm diameter. 1500mm long. 650mm above ground. 400mm below.  
H : 1050mm x L : 1750mm x Dia : 76mm

**Fixtures**  
This product can be customised with a range of optional fixtures. If you have any further bespoke requirements **get in touch**, our sales team will be happy to help.

## Pedestrian Guardrail

If you're looking for a durable, effective roadside barrier for pedestrians while allowing good visibility from a motorist's point of view, our Pedestrian Guardrail is an excellent option.

With 12mm solid infill bars, this comes galvanised as standard, and a powder coat option is also available. With a strong, durable vandal-proof structure, the Pedestrian Guardrail is perfect for a wide variety of applications, especially as it's virtually maintenance-free which makes it cost-effective too.

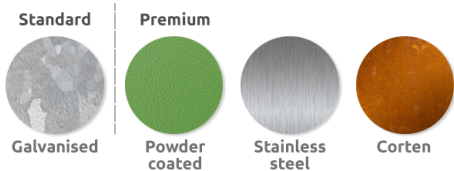

H: 1000mm x L: 2000mm

## Free Standing Safety Guard Rail

Strong and safe with innovative design, our Free Standing Safety Guard Rail does exactly what its name implies. Light yet stable, it has been designed for maximum safety and durability, with a 35mm steel frame, a 1.5mm gauge, and less than 11cm between each bar for increased security.

With four rounded corners and tapered feet for added stability, this is an excellent lightweight barrier option. Finish: galvanised or galvanised then powder coated finish in our RAL colours.

H : 1090mm x L : 2000mm x D : 400mm
