

CYCLE STANDS

We are far from just a street furniture supplier

As designers, manufacturers and installers of street furniture, canopies and shelters, we pride ourselves on being the go-to experts that can offer you more.

We are determined to ensure that your outdoor space is vibrant, practical, aesthetically pleasing and functional, whilst offering you cost-effective solutions to your outdoor space planning.

As a company, we like to change the way people interact with the outdoor space, and how they view the landscape too.

We are determined to help organisations create outdoor environments that people enjoy walking through, interacting with or simply using it as a stopping and gathering point.

Our resources, flexibility and expertise often enables us to deliver more performance than your budget specifies and we will always go that extra mile for our clients when it comes to providing excellent customer service.

We are proud to have had over three decades of experience and expertise in our sector, allowing us to assist your organisation in choosing the right products for your individual scheme.

We are Bailey Streetscene

Coser Y Cantar Cycle Stand

Coser Y Cantar translates as a 'piece of cake', and if you're looking for a hard-wearing cycle stand manufactured from ductile cast iron then the Coser Y Cantar Cycle Stand is an easy choice. A piece of cake, indeed. It has a primed coat with grey forge top coat, and a wrought iron effect. Add an anti-corrosion finish and you have a durable cycle stand that will do exactly the job you're looking for.

This gives the cycle user the safety and security that they are looking for, whilst you are providing an attractive, durable product to offer just that. There is a real need for outdoor spaces to provide the products to ensure increased security for cycle owners, and the Coser Y Cantar Cycle Stand allows you to do this.

Modular Decorative 6 Space Cycle Stand

The Modular Decorative 6 Space Cycle Stand secures all types of bicycles including mountain bikes, making it a great space-saver for organisations which need to cater for cycle storage. Galvanised and powder coated finish, and available in all our RAL colours, this comes in a choice of 4 top caps. Base plates and anchoring rods are supplied, and the Modular Decorative 6 Space Cycle Stand also comes available in a double-sided version too.

By installing cycle stands, you offer the necessary facilities so people can make use of a cost-effective method of transportation and it also encourages people to get outdoors during good weather and to make use of public spaces. That's why this cycle stand is such a great, hard-wearing option.

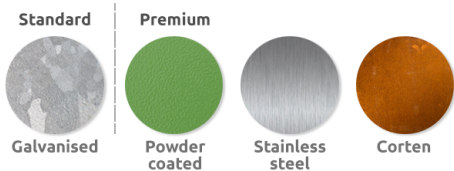

Extendable by 6 space modules.

L: 2152mm x D: 550mm x Dia: 76mm

Eco Cycle Stand

Manufactured to suit your requirements, this is a hard-wearing and space-saving product and really popular with our clients and customers. The Eco Cycle Stand is manufactured from galvanised steel tubing and is useable from both sides, making it great for schools or any other environment where lots of cycles are stored.

It's suitable for all types of bikes including mountain bikes, and can be freestanding or anchored to the ground using the pre-drilled 13mm holes on end plates.

Cycle Clamp

A popular and extremely cost-effective way of accommodating cycles and mountain bikes due to its 50mm tyre width, the Cycle Clamp is a wall or post mounted cycle clamp that is now available with a pivoting bracket. Constructed from solid round bars with a galvanised finish (fixing bolts not included).

This cycle user needs a secure area to store their cycles: and will be providing this through this durable product which offers just that. There is a real need for outdoor spaces to provide the areas and products to ensure increased security for cycle owners, and this Cycle Clamp allows you to do this.

Stainless Steel Sheffield Cycle Stand

Simplicity is the key here, as our massively popular root fixed Stainless Steel Sheffield Cycle Stand's basic design allows it to be used in any urban and rural landscape. It's a really cost-effective way to cater for your cycle users. It comes manufactured from grade 304 stainless steel or 316 stainless steel for more aggressive environments such as industrial or coastal areas.

Named after the Steel City, this cycle stand features a brushed satin finish as standard or has the option of a bright polish finish; it's also root fixed as standard or base plated for surface fixing.

Arch Cycle Stand

If you want a durable and popular cycle stand, then the Arch Cycle Stand is a great solution to your cycle storage requirements. It's made from grade 316 stainless steel and is available as root fixed, below surface flange or above surface flange fixed - so very adaptable to any number of outdoor environments.

A number of these cycle stands side-by-side gives an attractive continuity of look that will enhance the aesthetics of your outdoor space.

Infinite Modular Cycle Stand

If you want a durable, cost-efficient cycle stand, then the Infinite Modular Cycle Stand is a great solution to your cycle storage requirements. The 3-space standard module can be infinitely extended using additional 2-space modules as required, giving you continuity of look and feel within your outdoor or sheltered space.

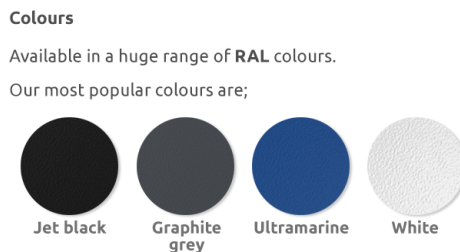

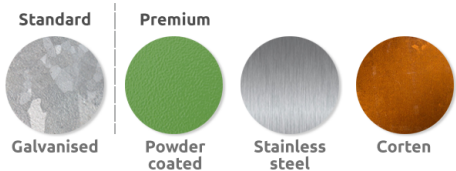

The Infinite Modular Cycle Stand is surface mounted and manufactured from mild steel and then galvanised. Horizontal rails are 35mm with 16mm diameter stand in tubes, and there is a space of 50mm which allows all types of bikes to be used.

Sheffield Toastrack Cycle Stand

The Sheffield Toastrack is our most popular cycle rack. It holds 10 bikes as standard and can be used as a stand-alone product or installed within a cycle shelter, which is always a popular choice to save space.

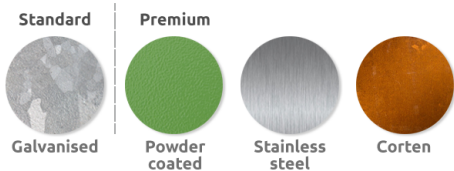

Manufactured from mild steel and hot dipped galvanised as standard, and optional powder coating to most BS or RAL colours, this is available in grade 304 stainless steel or 316 stainless steel for when you need a cycle stand to battle the elements or be placed in more aggressive environments such as industrial or coastal areas. Brush satin finish.

Harrogate Cycle Stand

Perfect if you are looking for a cost-effective cycle storage solution, the root fixed Harrogate Cycle Stand is manufactured from mild steel and hot dipped galvanised as standard. This is a popular design as it allows the bike to be secured by wheel and frame to prevent theft.

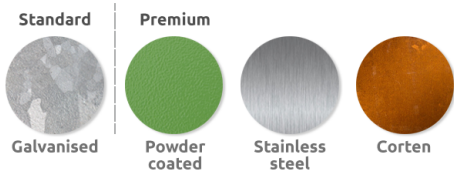

This cycle stand is also manufactured in grade 304 stainless steel, brushed satin finish with a semi-circular head, and gives you the option of being surface mounted plus having a powder coating (most BS or RAL colours are available). There is a real need for outdoor spaces to provide the products to ensure increased security for cycle owners, and the Harrogate Cycle Stand allows you to this economically.

Sheffield Cycle Stand With Mid-rail

Named after the Steel City you'd be expecting a tough, durable cycle stand, and the root fixed Sheffield Cycle Stand with Mid-rail doesn't disappoint. It's one of the most popular cycle stands at Bailey Streetscene, as its simple design allows it to be used in both urban and rural landscapes.

Manufactured from mild steel and the hot dipped galvanised as standard, it's also available manufactured from grade 304 or 316 stainless steel for more aggressive environments such as industrial or coastal areas. It comes complete with a steel mid-rail which serves multiple purposes including adding an extra locking point for your bicycle.

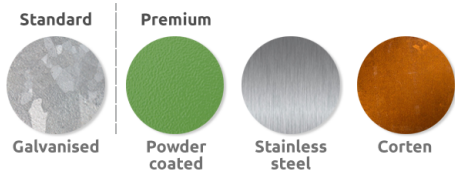

Additional Options: Root fixed as standard with a surface mounted option available. Powder coating to most BS or RAL colours available. Bright polished finish or brushed satin finish. A rubber bung can be added for use as a door guard.

Newborough Two Tier System

Where space really is a premium and you need a cycle rack to accommodate a higher number of bikes into a limited space without compromising on security and safety - then you need the Newborough Two Tier System.

It's an extremely cost-effective system, especially popular within high density population areas such as inner city apartment blocks, offices and stations, and can be used to help demonstrate compliance with BREEAM, too.

Manufactured from mild steel and the hot dipped galvanised as standard, the racks are designed for a long tough life of heavy use, with minimum maintenance required; and with a unique patented safety feature it ensures the racks are safe, secure and easy to use.
