

WASTE DISPOSAL

We are far from just a street furniture supplier

As designers, manufacturers and installers of street furniture, canopies and shelters, we pride ourselves on being the go-to experts that can offer you more.

We are determined to ensure that your outdoor space is vibrant, practical, aesthetically pleasing and functional, whilst offering you cost-effective solutions to your outdoor space planning.

As a company, we like to change the way people interact with the outdoor space, and how they view the landscape too.

We are determined to help organisations create outdoor environments that people enjoy walking through, interacting with or simply using it as a stopping and gathering point.

Our resources, flexibility and expertise often enables us to deliver more performance than your budget specifies and we will always go that extra mile for our clients when it comes to providing excellent customer service.

We are proud to have had over three decades of experience and expertise in our sector, allowing us to assist your organisation in choosing the right products for your individual scheme.

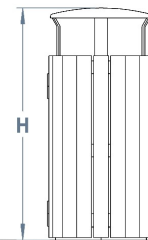

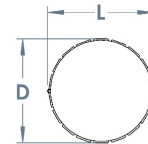

We are Bailey Streetscene

Greengate Litter Bin

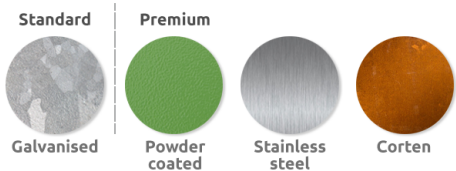

The Greengate Litter Bin is a circular galvanised steel litter bin with a raised lid that can be surface mounted or root fixed. Fixed to a galvanised steel frame, it's clad in treated vertical timber slats.

Manufactured from mild steel, hot dip galvanised as standard, and powder coating in a range of colours are available on request. The Greengate Litter Bin comes complete with an optional steel liner, and grade 304 stainless steel is also available.

Ashtray Cigarette Bin

We have a large selection of bins to provide disposal solutions for all types of outdoor environments. Manufactured from steel sheet, lacquered RAL 7016, the Ashtray Cigarette Bin has a removable chrome ashtray. Surface fixed, this would be a great addition to your outdoor space, especially when it's used within our range of smoking shelters.

Buffalo Litter Bin Pyramid Top

Part of the popular Buffalo range of litter bins, this is manufactured using zintec steel, using a three-stage degreasing and washing process. It makes it perfect for tough, frequently-used outdoor environments and features a host of standard features including:

Gold backed LITTER punched beneath apertures. Gold vinyl trim and vinyl Tidyman. Three stainless steel pivot hinges, pivoted on a 20mm S/S rod. Four apertures large enough to accommodate fast food waste including pizza boxes and burger cartons. 1 x 120 Litre galvanised liner. Full height and width door for easy removal/emptying of liner. 4 x fixing holes in base and additional drainage holes. Static liner guides assist easy liner removal and repositioning. 10mm base. Self-emptying ashtray which empties when the door is opened.

As you can see, this is an outstanding product and really cost-effective too. It's also available 80Ltr 100Ltr and 160Ltr versions.

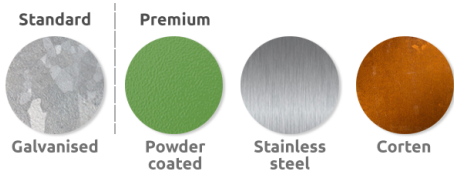

L: 480mm x D: 480mm x H: 1030mm x Capacity: 120L

Bradford Stainless Steel Litter Bin

Part of our Bradford range, the stainless steel litter bin's main body comes in grade 304 or 316 stainless steel for more aggressive environments such as industrial or coastal areas. It's massively popular in densely populated areas such as outdoor shops and shopping centres. It comes with a brushed satin finish, 90 Litre galvanised liner, and an anti-tamper security lock for added protection and peace of mind.

It also features a pivoting lid allowing the easy removal of the liner, and a keyless integrated ashtray with easy empty tray built into the post, making it a highly sought-after solution to your outdoor litter disposal problems.

Timber & Steel Litter Bin

The surface mounted Timber & Steel Litter Bin is manufactured from carefully selected and graded hardwood or softwood timbers. As all timber is sourced entirely from commercially-managed, recognised and sustainable resources, you're not only creating a great, suitably resourced outdoor environment for your own space, but you're helping other environments too.

An annual single coat of varnish or stain is recommended to maintain the quality, whilst all steel work is galvanised to British Standard BS EN ISO 1461, making this a really popular Bailey Streetscene product.

FGP Litter Bin

A contemporary-yet-classic looking bin that will blend in nicely with many outdoor environments, the FGP Litter Bin is a handsome element that complements other pieces in the FGP collection.

The cast aluminium parts have a durable powder coated finish, and the bin has a cast aluminium rim and rotational-moulded base that are connected with vertical timber slats in between. Servicing is made easy through the cast aluminium top being hinged so that it swings up, whilst the attractive timber slats are available in the same species as the bench.

L: 497mm x D: 484mm x H: 937mm x Capacity: 64L

Sanitisation Point - Colombo

Sanitisation Point is a practical and elegant solution suitable for indoor use.

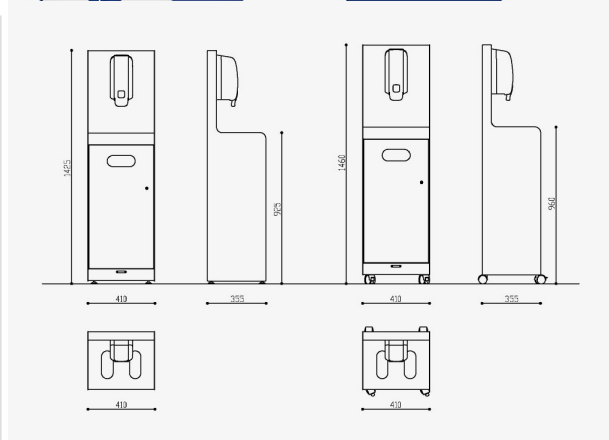

It is designed to be both a hand sanitisation station, and a distribution point for disposable gloves, masks, or wipes.

It is simple and intuitive to use, and specific decals can be applied for a visual indication.

The system also includes a bin with a steel inner liner, to ease the collection and disposal of waste hygienically.

Pre-drilled holes on the front side means the station can be equipped with a battery powered automatic dispenser of hand-sanitiser or with a stainless steel universal bottle holder.

*Price shown is for minimum order of 5 units. Single unit price available on request.

H: 1437mm x L: 408mm x D: 356mm | Capacity 60L | Weight 28kg

Sanitisation Point - Bering

Sanification Point BERING is a practical and intuitive solution for indoor use.

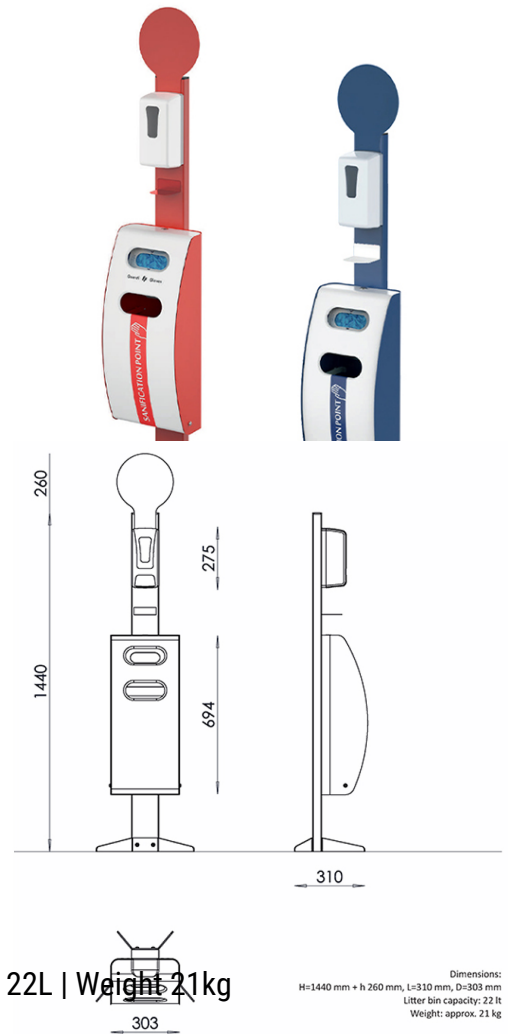

The system includes an openable compartment which can store one bag for waste collection and one box of devices, such as disposable gloves, face-masks or antibacterial wipes. To ease the use, specific decals can be applied for a clear visual indication.

Thanks to appropriate pre-arranged holes on the front side, the module can be equipped with a battery powered automatic dispenser of hand-sanitiser or with a stainless steel universal bottle-holder, making it an elegant and compact hand sanitisation station. The automatic dispenser comes with a practical drop-collector.

*Price shown is for minimum order of 5 units. Single unit price available on request.

Sanitisation Point - Magellano

Sanification Point MAGELLANO is a compact solution for the distribution of devices, such as disposable gloves, masks, or wipes, thanks to two removable shelves, easily fixable with knobs.

Suitable for indoor use, it can be also a hand sanitisation station: appropriate pre-arranged holes on the front side of the station, allow to place a battery powered automatic dispenser of hand-sanitiser or a stainless steel universal bottle-holder. The automatic dispenser comes with a practical drop-collector.

Thanks to an optional litterbin with elastic bag holder, the station can become also a point for the collection of waste.

*Price shown is for minimum order of 5 units. Single unit price available on request.
 H: 1440mm x L: 403mm x D: 330mm | Capacity 38L | Weight 14kg
